NET FUN ZOOM

NOVEMBER 2020 ISSUE

Miss Elaine

NET Fun Zoom is so wonderful because I can talk to all of our students even if I cannot see them at school. When we are in a small group, we all get the chance to speak together. This month we have been learning about family and I have met a lot of brothers and sisters of the students in Shi Wan Family!

Miss Alex

My favourite memory from my NET Fun Zoom lesson is singing the banana song because it is so silly and funny! Some students would bring their own banana or toy banana and it made me laugh! 😄 At the end of the song we got to 'go bananas!' This means go crazy and do a silly dance!

Miss Jennifer

What I love the most about NET Fun Zoom is seeing the students' faces without their masks for the first time since September! 😊 And my favourite memory so far is how both the small and big kids try to do and enjoy my "Thumb Up Thumb Down Trick" and see who is the fastest! 😁 😁

Mr Adam

One student showed me their beautiful pet dog in a NET Fun Zoom lesson where we talked about our family. He is so cute!
