DECEMBER 2020 ISSUE

## MISS ELAINE

Winter in Canada is very cold and snowy. I like to go to the mountains with my sister. I like to ski and Mary likes to snowboard. I also love to go ice skating with my friends. We can look at all of the beautiful Christmas lights while we skate.

## MISS ALEX

Winter is my favourite time of year! I love the snow, drinking warm hot chocolate and Christmas! Christmas is great because I can spend time with my family, open presents and eat a delicious meal! I can't go home to Northern Ireland this Christmas, but I will have a lovely day with friends!

# MR ADAM

In England, it sometimes snows in winter and most days are very cold. Some people like to go sledging and some people like to throw snowballs! I have made a snowball in one of the pictures. Can you see it? Who should I throw it at? 😊

# MISS JENNIFER

I love winter time in Hong Kong because it also means that Christmas season is near! I always love Hong Kong's beautiful festive decorations everywhere during this season! I usually spend the Christmas holidays with my family as well as relatives and friends visiting us here! It's always such a wonderful time to enjoy with my loved ones!
