Mother's Day and Father's Day are lovely holidays! This year, in 2021, **Mother's Day** is on the **9th of May** and **Father's Day** is on the **20th of June**.

Miss Elaine

My parents are very special to me. I **love** them very much, so I want to show them how **grateful** I am for them. Practising gratitude means showing how thankful we are for what we have.

What can we do to say 'thank you' to our mums and dads?

I will **make a card** for my mum and get her some **beautiful flowers**. My dad likes playing tennis, so I will **play tennis** with him. I think they will feel very happy.

You can also do nice things for your **grandma** and **grandpa** because they are a mother and a father to your mum and dad!

Mother's Day and Father's Day are very special back at home. In school we used to make nice cards for our mums and dads. Now that I am older, I take them out for **dinner** or buy them a **nice gift** too. I like celebrating Mother's and Father's Day because it's a nice way to say thank you to our parents for everything they do for us.

Miss Alex

My mum is very **kind** and always helps me when I need it, she took care of me very well when I was a child. My dad is **funny** and kind too. He used to always take us for walks as a family, they were so much fun!

LOVE
IS
LOVE

We can do many things to show our parents our love, but we should be thankful for them every day. Now that I am a mum, I remember how much my mum did for me and I am very **thankful**.

These days our son celebrates Mother's Day and Father's Day and he gives us some cards and gifts. Once he made me some *paper flowers*. They were so beautiful. We like his gifts because it shows us how much he loves and cares for us. We love him very much and are very **proud** of him.

Miss Jennifer

Ever since I was a kid, I had always made sure my **mum**, **grandma** and even **aunts** feel extra special on Mother's Day by making them cards and presents or by giving them flowers and *handmade things*.

When I became a mum, I **appreciated** my mother so much more and Mother's Day became extra special as my kids like to celebrate!

Our mothers are very special so let's make sure that we always treat our mums nicely. We can do something big or small to show our love for them, like having lunch together.

If we celebrate our birthdays to rejoice birth and life, we celebrate Mother's Day and Father's Day too to **give thanks** for everything our parents have done for us.

Miss Cristina

Thank you for always being there!

Back then, we used to give our parents a **"holiday"** on their special day - that means *no house chores* for them. Our parents, like kings and queens, made many *wishes and we made them come true on this day*. Now that we're older and don't live with our parents, we still show our love by buying gifts, dining with them or *showering them with hugs and kisses*. How do you show your love and care to your mums and dads?
